Let's Have a Fun and Safe Halloween!

Halloween is a great night to get out and meet your neighbors. The official hours for Trick-or-Treat 2017 have been established for the City of Fort Wayne. Trick-or-Treat will be observed from **5:30 p.m. until 7:30 p.m. on Tuesday, October 31st**. Trick-or-treaters should only visit those homes with an illuminated exterior front light (or porch light) indicating that trick-or-treaters are welcomed. Trick-or-treaters should remember the following safety rules:

- Do not wear costumes that obscure your vision
- Wear reflective clothing, or light colored clothing to make you more visible to motorists
- Travel in groups composed of at least one adult
- Only cross streets at the crosswalks
- Visit familiar homes, and do not enter a stranger's home
- Refrain from consuming any treats until inspected by an adult

Neighborhood Leaf Pick-Up Program 2017

As autumn leaves begin to fall, you may be sure the City of Fort Wayne is planning for the annual curbside leaf pick-up for City residents.

- The City Street Department will again conduct two cycles of leaf collection in each neighborhood.
- Leaf collection will begin in the Central area of the City during the week of November 6th.
- A second round of leaf pick-up for the Central area will follow during the week of December 4th with all collection scheduled to be finished on December 15, 2017.

To help make leaf pick-up most effective for our neighborhood, please keep the following in mind:

- Have leaves raked to the park strip or curb and ready for pick-up on the first day of your scheduled weeks.
- Please do not rake leaves into the street. This will help avoid having leaves clog storm drain inlets and will help prevent street flooding in the event of heaving rains.
- **REMEMBER:** burning leaves within City limits is a violation of City Code §74.70. The fine is \$50 and increases to \$75 if not paid within 30 days.
- For collection of leaves that have been bagged in biodegradable bags, please call 311. Bags will be picked up within two business days after you call.

Weather conditions or the volume of leaves in a particular area may cause the planned schedule to change. You may also contact the Leaf Hotline at 427-2302 or the Citizens Services Center at 311 with questions

Calling All Guys!

Some guys in the neighborhood occasionally bump into each other at one of the local watering holes (Trubble or 07 Pub) and thought it might be nice to schedule a time to make that more intentional. So, if you're a guy, and you'd like to get to know some of the other guys in the neighborhood, we're setting aside the **third Thursday of the month at 8:00 P.M.** to meet at Trubble Brewing. Grab a drink or a snack, play some foosball or just hang out and chat.

Update on Neighborhood Alleys

On September 19th, Mayor Tom Henry announced the sidewalk and alley improvement projects that will occur in Fort Wayne neighborhoods as a result of City Council's recent passage of an increase to the local income tax. These are the alley projects in our neighborhood that are planned for 2018:

- W. Packard and Kinnaird avenues from Beaver to S. Wayne avenues
- Kinnaird and W. Wildwood avenues from Beaver to S. Wayne avenues

City Councilmen Dr. John Crawford, Tom Didier, Tom Freistroffer, Glynn Hines, Geoff Paddock and Michael Barranda voted in favor of the plan to provide additional revenues for needed neighborhood infrastructure enhancements and future phases of riverfront development.

The .13 percent adjustment in the local income tax will generate \$8.7 million per year to add new sidewalks to address areas of Fort Wayne Community Schools that lack sidewalks for children, improve alleys and move forward with phases II and III of riverfront development.

Nearby Neighborhood News and Notes

- On September 12th, City Council approved additional lighting on Fairfield. This is third phase of lighting upgrades and enhancement between Rudisill and the area just south of the GE Campus. Upgrades will add pedestrian scale lighting with brighter and clearer LED fixtures and improve the aesthetic and safety along Fairfield's residential and business sections.
- Developer RTM Ventures announced in September that it completed the acquisition of the General Electric property on Broadway for about \$5.5 million. Rebranded as Electric Works (paying homage to the original name of the campus in the late 19th century), the redevelopment effort will transform the site into a district that will include commercial, retail and market, residential, hotel and community space.
- Renovation work on the Clyde Theatre in Quimby Village began this summer and is expected to be completed sometime in summer 2018.
- Enhancements are underway at the intersection of Broadway, Bluffton and Oakdale. Thanks to Illsley Place and West Rudisill Neighborhood Associations and their work with the City, crosswalks will become more aesthetically pleasing and more pedestrian-friendly.
- The Southwest Neighborhood Summit Alliance, a neighborhood group that includes Southwood Park, Foster Park, Illsley Place, West Rudisill, Oakdale, Fairmont, historic preservation group ARCH and others, has been working with The Summit and Hoch Associates to attract new uses for the former Taylor University campus (both north and south of Rudisell) that will be compatible with the surrounding residential area.
